Press Release

SCOPP Inc., announces its 2009 Peel Coleman Scholarship Award Winner

Canton, OH, September 1, 2009: Former Canton City Councilman, Edward “Peel” Coleman was a man for all people—rich or poor, black or white. Peel Coleman loved the City of Canton and devoted most of his life to serving its citizens. Peel Coleman believed that preparing for success was an internal process, not an external one and that “hard work plus honesty and commitment equaled opportunity.” Peel believed in empowerment not entitlement and was adamant about working hard, community involvement and getting a good education and then reaching out as far as one could. Kariz Golda Ty Callope this year’s scholarship winner represents all of those qualities.

A 2009 graduate of Canton Timken High School, Ms. Callope maintained a 4.0412 GPA, was an active member of Student Council, participated with Big Brothers, Big Sisters and member of the National Honor Society. Her Model United Nations Team was runner-up for Best Talent Team at a competition held in Columbus this past January. In 2007 she was chosen as one of the Outstanding Female students in the Early College program and was also given the Student Council Award. She is on the Dean’s List at Stark State and member of Phi Theta Kappa.

Ms. Callope is the daughter of Caroline and Nelson Cross and will be attending the University of Toledo in the fall.
